

# AFGE SSA General Committee

## Organizing Plan 2009-2010

The SSA/AFGE National Agreement (“the contract”) expires on August 15, 2009.

Organizing and communications are key to educating employees about the issues related to contract negotiations. Given the scope of the SSA bargaining unit, this is a nationwide campaign that must involve every component (including teleservice centers, Payment Centers, field offices, and Hearing offices).

AFGE has never taken on such an endeavor. Never has so much been at-risk for bargaining unit employees. The negotiations which begin later this year could very well set the tone for all contract talks in the Federal sector for years to come.

Please read the information below and get involved. If you have questions, contact your local Union Representative. Our goal is to make Social Security a better place to work!
